

# TANZANIA

The nation of Tanzania conjures excitement and adventure. Its landscape is stunning and its beauty unmatched. Natural resources abound: Mt.Kilimanjaro, Africa's highest mountain; Lake Tanganyika, Africa's deepest lake; and Lake Victoria, the world's second largest lake and the source of the Nile. Tanzania's riches also include game parks of international fame: Ngorongoro Crater, Serengeti, Lake Manyara, plus the less-frequented Selous, Ruaha, Mikumi, Gombe where wildlife roams in teeming numbers. Nearly one quarter of Tanzania's 938,000 km<sup>2</sup> has been reserved for game and national parks. Extensions to the nearby exotic Zanzibar can easily be added.
